A LEVEL SUBJECTS STUDIED:

Chemistry, Economics, Maths,
Further Maths

GRADES ACHIEVED:

A*, A*, A*, A*

UNIVERSITY ACCEPTED:

Economics,
University of Exeter

WHY DID YOU DECIDE TO STUDY A LEVELS AT WOODBRIDGE?

I began at Woodbridge School in Reception in 2009, and I decided to stay at Woodbridge for my A levels because of the very individualistic approach to education and the very supportive environment.

HOW DO YOU FEEL WOODBRIDGE SCHOOL SUPPORTED YOU WHILE STUDYING?

I have had, and know I will continue to have, individual bonds the teachers, it's an incredibly close and supportive community.

WHAT WOULD YOU SAY TO SOMEONE CONSIDERING STUDYING AT WOODBRIDGE?

The combination of small class sizes and accessible pastoral care at Woodbridge is vital for supporting students throughout A level studies.

The Sport provision is great too, and has been a fundamental aspect of my time at Woodbridge, especially Cross-Country. The wide variety of co-curricular opportunities has been really enriching and provided me with opportunities to develop my skills outside of the classroom.

A LEVEL SUBJECTS STUDIED:

Business, Computing, Psychology

GRADES ACHIEVED:

A, A, A*

UNIVERSITY ACCEPTED:

Mandarin,
University of Cambridge

WHY DID YOU DECIDE TO STUDY A LEVELS AT WOODBRIDGE?

I joined Woodbridge School just three years ago, and just one of the reasons I decided to stay on to study A levels is the amount and variety of co-curricular activities and opportunities that Woodbridge offers.

The community feel of the School also makes it a very appealing and welcoming place to be.

HOW DO YOU FEEL WOODBRIDGE SCHOOL SUPPORTED YOU WHILE STUDYING?

All of the staff in Sixth Form were very supportive during studying, in particular Mrs Pilkington, who raised all of our spirits every morning.

Mr Beasant was also very focused on making sure we all stayed motivated

and readily listened to our concerns and helped with them.

Outside of Sixth Form, I found that Mrs Letts was always a friendly face who I could turn to, who actively inspired and helped me with discovering what I wanted to read at university and cheered me on through studying.

WHAT WOULD YOU SAY TO SOMEONE CONSIDERING STUDYING AT WOODBRIDGE?

The combination of teachers, the community and what's on offer are excellent.

Not only have I enjoyed studying, but I've been part of the stage tech group that helps with the BTS during school productions, I participated in a weekly Mahjong club, and I was part of Sixth Form committee.

HENRY

A LEVEL SUBJECTS STUDIED:

English Literature, History,
Photography

GRADES ACHIEVED:

A, A, A*

UNIVERSITY ACCEPTED:

Filmmaking,
University of West England

WHY DID YOU DECIDE TO STUDY A LEVELS AT WOODBRIDGE?

I was happily surprised at the amount of creative freedom I was given, particularly for Photography A level.

This meant that I could focus and take the direction I had in mind, and also meant that I could really enjoy myself too.

WHAT WOULD YOU SAY TO SOMEONE CONSIDERING STUDYING AT WOODBRIDGE?

Woodbridge is an excellent School to study A levels at; with great results academically and all the support and help you could want or need!

I really enjoyed studying here, and I know my friends did too.

A LEVEL SUBJECTS STUDIED:

Biology, Chemistry, Maths

GRADES ACHIEVED:

A*, A*, A*

UNIVERSITY ACCEPTED:

Natural Sciences,
University of Nottingham

WHY DID YOU DECIDE TO STUDY A LEVELS AT WOODBRIDGE?

I started Woodbridge School in Year 7, and the quality of teaching I've experienced is the reason I decided to stay to study my A levels; I know I would not have received the same level of passion and encouragement at any other school.

In particular, for me the Science department has taken so much time to look after us and make sure we do the best we can.

HOW DO YOU FEEL WOODBRIDGE SCHOOL SUPPORTED YOU WHILE STUDYING?

The support from my subject teachers has been invaluable, they gave us so many extra resources and really went

above and beyond to make sure that we were as prepared as possible.

The Biology department has been especially helpful in ensuring that we systematically complete past papers and were revising as effectively as possible. (Dr Rickard and Emma in the Biology department are the best and deserve all the praise!)

WHAT WOULD YOU SAY TO SOMEONE CONSIDERING STUDYING AT WOODBRIDGE?

The teachers are incredible. They worked so hard to make sure we were in the best position possible and were also incredibly patient.

SAM

A LEVEL SUBJECTS STUDIED:

Biology, Chemistry, Maths

GRADES ACHIEVED:

A, A, B

UNIVERSITY ACCEPTED:

Biological Sciences,
University of Warwick

WHY DID YOU DECIDE TO STUDY A LEVELS AT WOODBRIDGE?

The support I received from Woodbridge School has been brilliant. We had help with preparation and exam stress – with clinics and general support from teachers whenever we needed it.

WHAT WOULD YOU SAY TO SOMEONE CONSIDERING STUDYING AT WOODBRIDGE?

Studying at Woodbridge School has been fantastic, there's lots of independence which really sets you up for life beyond School.
