SCHOOL

Co-curricular
Clubs

Co-curricular at Woodbridge School

We offer an extensive range of co-curricular clubs which take place before School, at lunchtime and after School. The great benefit of such activities is that they provide opportunities for students to extend their existing skills or knowledge and try something new in a highly supportive environment. Every day students can take part in a vast array of clubs, from sports to Warhammer and coding to art and MedVet. There is a club for every student to explore, learn and have fun!

COMPLEMENTING THE ACADEMIC CURRICULUM

With students able to set up clubs on their own initiative, you'll find a huge variety of after-school, pre-school and lunchtime activities to get stuck into.

From Hockey to Basketball, Drama, Music, Art, Japanese and much more, there is plenty to choose from.

Clubs and societies will change termly and a comprehensive up-to-date list will be available on My School Portal.
