Beyond the Classroom

Trips
2026-27

School trips provide students with practical, motivating and constructive experiences. Helping to develop their self-esteem and confidence, trips offer students the chance to experience cultures other than their own, develop new friendships with their peers and respect difference as well as broaden their horizons and knowledge. It's often easier for students to recall experience rather than theory learned in the classroom.

From CCF field trips to Duke of Edinburgh expeditions, language study weeks in France and Spain, to Sports Tours and more. We offer a huge range of trips, some of which are curriculum based, some of which are optional, that provide many opportunities to experience life beyond Woodbridge, both in the UK and abroad.

Full details of trips will be issued when the trip is advertised by email for sign up, these details will also specify the date that sign up will be available.

It is the responsibility of parents to ensure that they secure any visas required by their children for a trip.

If you have any questions about the trips outlined in this document please contact our Educational Visits Coordinator:
Andy Garvie (agarvie@woodbridgeschool.org.uk)

Year 7 Trips

YEAR GROUP/ COHORT	TRIP	NUMBER OF DAYS	OPTIONAL/ CURRICULUM	WHEN	TOTAL COST (APPROX.)
