

How We Use Your Information - Privacy Notice for Students

INTRODUCTION

This notice is to help you understand how and why we collect your personal information and what we do with that information. It also explains the decisions that you can make about your own information. We are giving you this notice because you are mature enough to make decisions about your personal information.

If you have any questions about this notice please talk to your tutor.

WHAT IS "PERSONAL INFORMATION"?

Personal information is information that the School holds about you and which identifies you. This includes information such as your name, date of birth and address as well as things like exam results, medical details and behaviour records. The School may also record your religion or ethnic group. CCTV, photos and video recordings of you are also personal information.

HOW AND WHY DOES THE SCHOOL COLLECT AND USE PERSONAL INFORMATION?

We set out below examples of the different ways in which we use personal information and where this personal information comes from. The School's primary reason for using your personal information is to provide you with an education.

- Admissions forms give us lots of personal information. We get information from you, your parents, your teachers and other students. Your old school also gives us information about you so that we can teach and care for you.
- Sometimes we get information from your doctors and other professionals where we need this to look after you.

We collect this information to help the School run properly, safely and to let others know what we do here. Here are some examples:

- We need to tell the appropriate teachers if you are allergic to something or might need extra help with some tasks.
- We may need to share information about your health and wellbeing with the School doctor or counsellor.
- We use CCTV to make sure the School site is safe. CCTV is not used in private areas such as changing rooms.
- We may need to report some of your information to the government. For example, we may need to tell the local authority that you attend the School or let them know if we have any concerns about your welfare.
- We may need information about any court orders or criminal matters which relate to you. This is so that we can safeguard your welfare and wellbeing and the other students at the School.
- If you are from another country, we have to make sure that you have the right to study in the UK. We might have to provide information to UK Visas and Immigration who are part of the government.
- Depending on where you will go when you leave us we may need to provide your information to other schools, Schools and universities or potential employers. For example, we may share information about your exam results and provide references. We may need to pass on information which they need to look after you.
- When you take public examinations (e.g. GCSEs) we will need to share information about you with examination boards. For example, if you require extra time in your exams.

- We may need to share information with the police or our legal advisers if something goes wrong or to help with an inquiry. For example, if one of your classmates is injured at School or if there is a burglary.
- Occasionally we may use consultants, experts and other advisors to assist the School in fulfilling its obligations and to help run the School properly. We might need to share your information with them if this is relevant to their work.
- If you have misbehaved in a serious way, and the police have become involved, we may need to use information about the action taken by the police.
- We may share some information with our insurance company to make sure that we have the insurance cover that we need.
- We may share your academic and (where fair) your behaviour records with your parents or guardian so they can support your schooling.
- We will only share your information with other people and organisations when we have a good reason to do so. In exceptional circumstances, we may need to share it more widely than we would normally.
- We will monitor your use of email, the internet and mobile electronic devices e.g. iPads. This is to check that you are not misbehaving when using this technology or putting yourself at risk of harm. If you would like more information about this you can read the Policy on Students' Use of ICT, Mobile Phones and Other Electronic Equipment or speak to your tutor.
- We may use photographs or videos of you for the School's website and social media sites or prospectus to show prospective students what we do here and to advertise the School. We may continue to use these photographs and videos after you have left the School. We sometimes publish news stories detailing students who have performed particularly well. This may include publishing the name of the student, and a photograph.
- Sometimes we use photographs and videos for teaching purposes, for example, to record a drama lesson. If you have concerns about us using photographs or videos of you, please speak to your Tutor.
- We publish our public exam results, sports fixtures and other news on the website and put articles and photographs on our website and in the local news to tell people about what we have been doing.
- The School will use the contact details of parents, alumni and other members of the School community to keep them updated about the activities of the School, including by sending updates and newsletters, by email and by post. Unless the relevant individual objects, the School may also:
 - Contact parents and/or alumni (including via the organisations above) by post and email in order to promote and raise funds for the School;
 - Collect information from publicly available sources about parents' and former students' occupation and activities, in order to maximise the School's fundraising potential;
 - Should you wish to limit or object to any such use, or would like further information about them, please contact the School in writing
- We sometimes use contractors to handle personal information on our behalf. The following are examples:
 - IT consultants who might access information about you when checking the security of our IT network; and
 - We use third party "cloud computing" services to store some information rather than the information being stored on hard drives located on the School site.

If you have any concerns about any of the above, please speak to your Tutor.
